What set us apart?

We pride ourselves of being driven first and foremost by the highest standards of quality; from the raw materials we use to the finest touches of the finished product, our biggest and only concern is to meet our consumers' expectations for both our brands and private label customers.

Quality

In mata , our production process is supported by skilled technicians and quality controls to ensure high production standards at all times, excellent customer service and optimized supply chain. Managing the distribution of all our brands, we can react instantly to demand giving consumers the ideal products at right time.

Services

Besides offering superior products, we also provide integrated services for different types of packaging to customized solutions.

In Addition

we are pleased to assist clients in developing the product from the very start. This process is possible due to our experience in the industry and the flexibility of our manufacturing process.

Private Label

Custom Ingredients

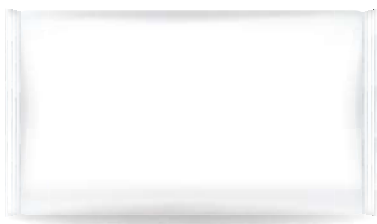

We take pride in recommending and sourcing natural and/or sustainable ingredients. Our team will work with you on custom ingredient blends to set your branded product apart from the rest.

In-House graphics team

You know how important packaging is to the success of a brand. Our in-house graphics team has years of experience in packaging artwork design and we will work with you to ensure your vision is realized.

Choose your price point

From low-cost options, to value price points, all the way to high-end retails; we take your goal and design the project to fit. Making sure your project stays on budget with the best possible ingredients is our specialty.
